Counsel of Landscape Architectural
Registration Board

Jamie is an Associate and Project Landscape Architect involved in a number of the firm’s site development and planning projects. Her responsibilities on individual projects include site layout and design, planting design and materials selection, grading design, sediment and erosion control, lighting, and computer rendering.

She directs site plan and construction drawing preparation, participates in sediment and erosion control inspections, and conducts landscape architectural construction oversight. Jamie has directed successful projects relating to retail developments, institutional, commercial campuses, and multifamily residential communities. In addition to her design efforts, Jamie represents a number of Insite’s projects before municipal boards.

PROJECT HIGHLIGHTS

Stateline Retail Center/Restaurant Depot: Brewster, NY

- Insite provided engineering, surveying, and landscape architectural services for a large retail establishment part of a larger commercial development. The landscape improvements included pedestrian access, parking, stormwater management and wetland mitigation plantings, and overall hardscape and landscape design. Jamie worked diligently with the property owner and project architect to obtain project approvals from the approving municipality along with outside agencies.

West End Lofts: Beacon, NY

- Insite was the engineer, surveyor and landscape architect for a multifamily residential development adjacent to an urban downtown area. The designs included pedestrian and streetscape improvements to improve the overall function adjacent to a busy downtown city area.

Peckham Industries, Inc.: Brewster, NY

- Insite was the engineer, surveyor and landscape architect for the Peckham Industries, Inc. headquarters involving parking, stormwater management improvements and landscape architectural design. The landscape architectural components involved planting, pedestrian access, accessibility and overall facility enhancements.

Quaker Ridge Golf Club: Scarsdale, NY

- Insite has provided a full array of services on numerous projects on the club property. Jamie has been involved with site design, landscape design and construction oversight for a variety of projects on this club’s historic property. The projects have included improvements to the golf course, clubhouse, maintenance facility, and ancillary site amenities.
